

M4

More Than a WiFi Terminal.
It's Where Robust Features Meet Intuitive Comfort. Engineered for Excellence.

Designed for Best Comfort and Ultimate Productivity

Ergonomic Design

The textured surface provides a secure, slip-resistant grip, while the device's width and thickness are ergonomically optimized for a comfortable and natural hold.

Weight:
<300g

Thickness:
22.6mm

Width:
76mm

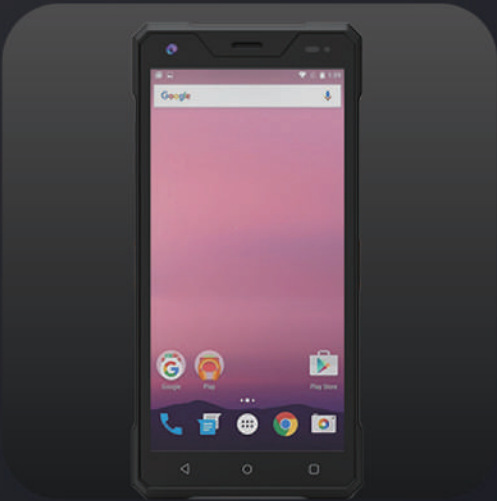

Professional Scan Engine

Easy Capture Of 1D/2D/stained/distorted/damaged Barcodes.

Thin-bezel Design

Maximizes the screen real estate and provides a more immersive viewing experience.

HD Display

Featuring a 5.5-inch high-brightness IPS screen with HD resolution (720*1440). Integrated with highly sensitive touch technology, it ensures precise and instant touch response.

Designed for Best Comfort and Ultimate Productivity

○ Data Security

Equipped with data encryption and secure transmission to ensure the security of users' identity information.

○ Industrial-grade Dustproof, Shockproof & Waterproof

Waterproof Test Certified Waterproof, shockproof and dustproof, reliable even in harsh environments.

○ HD Camera

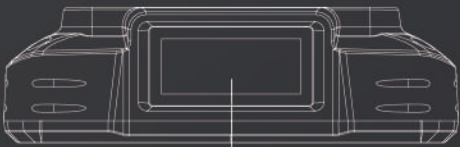

Adopting advanced UIMG decoding algorithm, it can intelligently sense the external environment, automatically adjust light sensitivity and adaptability to ensure fast code reading. It features autofocus, auto exposure and anti-glare interference.

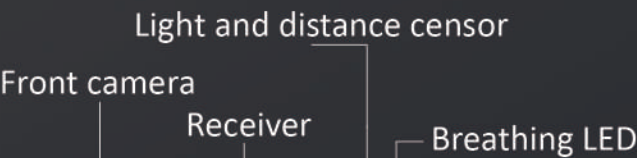

○ Long-lasting endurance, power you all the way

4700mAh high-capacity replaceable battery, up to 12-hour runtime, reliable power for round-the-clock work demands.

Project

Technical Specifications

OS

Android 12

Processor

8-cores 22GHz

ROM

4GB(Optional 6GB)

Camera

Back 13 megapixel,Front 5 megapixel

Flash

64GB(Optional 128GB)

Display

5.5 inches,720*1440 pixels

NFC

Working Frequency:13.56MHz
Protocol Standards:ISO14443A/B,
ISO15693
Read-write Distance:2-5cm

Scanner

Professional scan engine
Supports standard 1D/2D
barcodes

Audio

Receiver,Speaker,MIC

Bluetooth

Bluetooth 5.0 ble

Wi-Fi

2.4GHZ / 5GHZ
IEEE 802.11a/b/g/n/ac

Optional

Identity card verification,etc
Fingerprint identification

Interface

Type-C(OTG)*1 Serial port*1

Working Temperature

-20°C~60°C
5~95% RH no condense

Weight

<300g

Size

153mm*76mm*22.6mm

Battery Capacity

3.8V 4700mAh Removable

Key

Physical Keys:Power,Volume +/-,Scan key
Touch keys:Return,home,multi task key
